Hello from all of us at the Cake Box, Hampton!

We hope you are all keeping well and staying safe. This email is to update you on our current opening arrangements and to let you know about some of our Christmas 2020 ideas.

WE ARE STILL OPEN!!!!

We are currently operating a 'from the door' service as we are a small shop and it is difficult to maintain social distancing. We are not yet able to run our classes, workshops or children's parties in the shop, for the same reason. This format will continue as we enter tier 3 on Wednesday.

However, we are finding ways to provide you with lots of fun with the family at Christmas. Many of the links below will take you to our Facebook albums where you can see more detail. Even if you are not a Facebook subscriber you should still be able to view the pictures and details.
