Facebook Groups

"TW Cakes and Bakes"

<https://www.facebook.com/groups/2472070979478698/>

This public group provides a place for customers to meet up with local bakers. You can either browse; the pinned post has contact details, or you can join (please answer all questions/agree to rules) and post your cake requests. If you are a local baker, you would also be very welcome to join and showcase what you offer.

The Cake Box Community

https://www.facebook.com/groups/294078128560615/?source_id=100174118450630

I love being part of the Hampton Village Community and have made many friends in the last 6 years. This private group is designed to allow members to chat about anything baking related and to ask for ideas/suggestions and support each other. Feel free to post photos of your bakes, whether you are a complete novice, a hobby baker or starting a small business. We can share our experiences and learn from each other. Looking forward to chatting to you all!

The Sugar and Crumb All about Cake Community

<https://www.facebook.com/groups/SugarandCrumbsAllAboutCakeCommunity>

This is not a group that we are affiliated with in anyway, but it offers a great deal of information about baking and cake decorating for all abilities, as it is a large group and the members are friendly and helpful.
